Dear Ms L Schoff KC

Application fees are payable in the Administrative Appeals Tribunal (AAT) in respect of certain types of applications in accordance with the *Administrative Appeals Tribunal Regulation 2015 (AAT Regulation)* and the *Migration Regulations 1994*. The amounts of these fees will increase on 1 July 2024.

General, Freedom of Information, Security, Small Business Taxation, and Taxation & Commercial and Divisions

From 1 July 2024, the standard application fee will be **\$1,121**. The application fee payable for review of small business taxation decisions will be **\$602**. The lower application fee payable for lodging an application in respect of the taxation decisions described in subregulation 20(2) of the AAT Regulation will be **\$111**.

There is no change to the \$100 fee that is payable if a person is eligible to pay a concessional fee rather than a standard application fee.

Migration and Refugee Division

For applications lodged from 1 July 2024, the fee that may be payable after the review of a protection visa decision will increase to **\$2,151**. The fee for lodging an application for review of other decisions in the Migration and Refugee Division, where a fee is payable, will increase to **\$3,496**. In cases where a 50% fee reduction is granted, the reduced fee will be **\$1,748**.
